## FIRE BREAKS UP N. D. PRACTICE

Coach Harper, However, Manages to Give Men Some Hard Work.

Practice on the Notre Dame gridiron was brought to a sudden stop by the fire in Chemistry hall yesterday afternoon, but Coach Harper was able to put his candidates through some fast ticks before the blaze broke out.

The ends were given their first workout on tackling after running down punts; the backs were given practice in carrying the ball back on punts and in running interference, and the linemen were sent through a strenuous line scrimmage. Then signal practice was called. After the men had run the ball up and down the lot for three and a quarter minutes, the fire broke out and the coaches and athletes left Cartier field to help combat the flames.

A short scrimmage is on the bill for today unless Coach Harper changes his mind considerably. Ten minutes will probably be the length of time allowed for the fast punt.

Coaches and students are pleased at the rapid strides being shown by Dave Philbin, the sophomore lineman. Philbin showed as a star on the freshman squad last season and since the varsity practice work began this fall, he has been improving steadily. Dave is husky, aggressive and speedy and fans expect to see him lend a tower of strength in the forward wall.

## TAN AND BLUE GIVEN NEW FOOTBALL PLAYS

With the St. Joseph game only nine days away, the followers of high school football are speculating as to the locals' chances with the Michigan team. It is the manner in which the Tan and Blue warriors pulled off the new plays that were given to them at yesterday's practice, has any bearing on their chances, they are in the A-1-class. Coach Burnham has been working Mohn rather hard at the quarterback job, and the results are very noticeable for last year's plucky pilot is developing into a heady field general and a clever open field runner.

## IT'S A REGULAR STORY

Semi-pro Pitcher Lands Big Perch in Unusual Way.

International News Service.

WEST BEND, Wis., Sept. 21.—This may not be sport, but it certainly belongs on the sport page.

Jake Kilson, a semi-pro pitcher, went fishing in Cedar lake. The fish weren't very chunky with the worms, so Jake peeled off and went swimming. Diving in, his head struck something, rendering him unconscious. Friend pulled him out, while other friends pulled out a 22-pound perch, which had expired suddenly after coming in contact with Jake's head. Ivory?

Ever see a 22-pound perch?
